4 Bedroom, 2.00 Bathroom, 1,338 sqft Residential on 0.14 Acres

NONE, Didsbury, Alberta

THIS COULD BE YOUR NEXT HOME!!! Well maintained 2 storey home with lots of character and in a great location-close to downtown and schools! This home truly is on one the the loveliest avenues in Didsbury-especially in Autumn! Over the years this home has seen many renovations including: windows, siding, shingles, bathrooms, flooring, plumbing and more! The main level has the kitchen with lots of cabinets and a large side pantry, living room with sculpted ceilings and spectacular brick fireplace feature, dining room, full bathroom, front enclosed porch and back entry with laundry facilities (new flooring here too). There is a fairly open concept here which makes this a great home for families and entertaining. The upper level has 4 (yes 4!) bedrooms, another renovated bathroom and some really nifty storage pullouts. For an older home the basement is very useable for mechanical and more storage. Step outside and there is a fenced mature yard with oversized single garage and full concrete driveway with enough space for your RV or other toys. This private yard has lots of space for the whole family. The owners report that they have never used the fireplace so can not guarantee it will be useable other than for decor but it is a great feature nonetheless. They also installed a sump about 20 years ago and will leave various building supplies. This home has so many great features and has lots of space for everyone-check it out today!
